I am writing this email to your office because I have not received any follow up from Sen. Murkowski's office. I had spoken to someone who told me it would be answered; however, it has not been. Though I am in Germany at the moment because of my husband's job (US Army), I am still a resident of AK. It still frustrates me and angers me that I cannot receive unemployment because I am in another country on US Federal order (even based on federal land and regulations). I got to Germany on August 7th and have been looking for a job since. We are struggling at the moment because we have always relied on 2 incomes and it gets me very upset every time I think about the fact that if I was in Canada or the lower 48 I would be eligible for the unemployment. I have always had a job (in AK itself for 7 years+) and have paid my due shares for unemployment insurance and this is ridiculous. I would really truly appreciate it if someone could, please, give me some follow up in this situ!

ation. I have included the original email I sent to Senator Murkowski's office. Thank you.

Subject: Fwd: Unemployment Issues

To: alaskaoffice@murkowski.senate.gov

Hello. My name is Angela Krzynowek. I had talked to someone on Thursday about this issue I am having with Unemployment. He suggested I write a letter or email about the whole issue.

I am moving to Germany Aug 5th. My husband is in the U.S. Army and got stationed overseas. Last November I had called and spoken to a case worker in the Unemployment Office and was told that I would be eligible for unemployment (even in Germany) because my husband was military. This past June I spoke to someone different and was told that I had gotten false information from the first person I spoke to at the Unemployment office; apparently, I am not eligible for unemployment because I will be in another country. This past week I called unemployment one final time. I hoped to talk to someone who would be knowledgeable about what false and why. The woman I spoke to was very helpful and actually looked up the rules/regulations. She told me that if I was moving to any of the 50 states, U.S. territories, U.S. (?) Virgin Islands - or even Canada then I would be covered; however, because I would be in Germany I wouldn't be eligible for unemployment, regardless of the fac!

t that my husband was U.S. Army and we would be living on a federally regulated post.

My whole issue here is simple. I think it is incredible that I would be eligible for unemployment if I moved to Canada. Canada does not have any military bases on it, nor is it a U.S. territory. Yet, if I move with my husband who is serving in the United State's Army overseas (on military orders) to a federally mandated/regulated military post I cannot recieve unemployment benefits. This bewilders me and is absolutely frustrating.

I would definitely appreciate any feedback, resolutions or suggestions regarding this matter. I appreciate your time. My number is 830-2928. My work number is 753-1215. Thank you again.

Sincerely, Angela Krzynowek

Dear governor Palin,

My name is Zachary Jay Rohr, I have been in the Navy on active duty for 3 years and am deploying to Iraq in September as a field Medic for the Marines. During my time in the Military I have met people from all around the nation who have free collage when they return to their home state, like Texas. I was wondering why Alaska does not have a similar program for their vetrins. Because Recruiting for the miliary is what it is today I sighned a contract where I do not recieve the Montgomery GI bill even though it was promised. Perhaps there is such a program in Alaska that I am unaware of or havent found, in either case I would greatly apreciate feedback on the topic. With all that is going on in my life it would be a great peace of mind if I didnt have to worry about tuition when I return home. Thank you for your time and your commitment to the state of Alaska.

Sincerily,

Zachary Jay Rohr

MESSAGE:

Governor Palin,

My name is SGT Benjamin D. Cox. A lifelong Alaskan. I joined the Army in 2001 following the attacks on September 11, 2001. My view were that one of the country's biggest assets and most valuable/volnerable security issues were here in Alaska. If there was one place to hit America big it would be in the Oil Fields, the Pipeline, or the reserve in Valdez. So I enlisted and have served 6 years at Fort Wainwright. Learning how to adapt to the cold and survive if anything were to ever happen. Why not learn how to survive in the cold because I have no intentions of ever leaving this "Beautiful State", the "Last Frontier".

Recently, my family has befallen tragedy. My mother has had many medical issues in Anchorage to include: only having 10% of her heart working, partial paralysis of the left leg, and blindness of the left eye. This all happened in April 2007. Since then I have submitted countless paperwork to transfer to Fort Richardson so that I can be close to my mother to help her in many of her daily needs. She cannot drive nor support herself fully being a dental hygienist.

In the last 5 months my paperwork has been lost numerous times. Now my paperwork has been sitting on COL Thompson's desk for the last month.

Basically I'm asking for your help. I know that you have helped many Alaskan and Veterns.

Thank You for your time.

Sincerely,

SGT Benjamin D. Cox

Since Monday is a holiday, thursday and friday are our best days to brief legislators on the direction we are going. I am hopeful that we can work out final detail with you today and start our disucssions with legislators tomorrow. We still need to put together the talking points, charts, etc. The data should speak for itself, so the charts and talking points should not be too difficult. We should focus on the appropriate revenues to the state as well as maintaining a positive environment for new companies to come explore,

invest and develop our resources.

This afternoon, can we spend time finalizing where we are at?

OK, I just got logged back in. My cell died overnight.

I will follow up to make sure the judges are moved and notified they will be participating in a phone interview. I will plan on staying in Anchorage well.

Since Monday is a holiday, thursday and friday are our best days to brief legislators on the direction we are going. I am hopeful that we can work out final detail with you today and start our disucssions with legislators tomorrow. We still need to put together the talking points, charts, etc. The data should speak for itself, so the charts and talking points should not be too difficult. We should focus on the appropriate revenues to the state as well as maintaining a positive environment for new companies to come explore, invest and develop our resources.

This afternoon, can we spend time finalizing where we are at?

Mike

J- i can't be absent from ppt debate tonight and tomorrow - I'll have to conduct judges interviews via telephone. Mike can help with the re-arranging of Rep Thomas' mtg- I'm wondering if he can fly up here tonight or tomorrow if his mtg can't wait until my travels down there next wk.

Pls don't schedule anything after the judges interviews tomorrow - I'll need to keep it clear for internal gross/ppt "convincing debate/discussions" with the team and then legislators.

Mike- I may ask revenue/oil folks to come for casual dinner at my house thursday night for fuller explanations of where they think we should go on ppt/gross. I'll ask Kris to help me with that. This is the most imp roll-out we'll engage in... if we're not all on the same page, then we're doing Alaskans a major disservice.

I can do Juneau tues evening-thurs next wk instead of tonight. Ppt is way too impt to be absent from the discussions. Thomas and Wilson should be told of the ppt importance this week, can they either fly up here if their mtg tomorrow can't wait, or be patient with my schedule until i can get there tues-thurs next week.

Doesnt it make sense for me to also conduct the interviees via phone, as I've done every other judge interview? And I'm still not comfortable with the ppt/gross presentation from yest. We still haven't spoken to Mark.

this week's schedule again got pretty full with mtgs that could wait, in light of the gravity of the ppt discussions that are so important to tackle before tues. Remember im booked over the weekend so yest, today and tomorrow are very imp days for my participation in ppt debate. We have to strategize better on the scheduling when we know something huge is around the corner so our days are more flexible leading up to a big roll-out again.

We were working on a plan tonight to get to legislators about PPT by dividing our folks into teams. If we do walk through the economics we can show that we have studied many options and have the best balance of revenue and positive investment climate. We all concluded that thursday and friday are critical to reach legislators and that it would be very helpful if I could take several of the meetings (namely Lyda and Charlie). What would you think if I stayed in anchorage thurs and did not go to Juneau and participate in the judicial interviews?
We have done a pretty good tag team approach so far and I do not to leave you short staffed.
